

BAE 146 / AVRO RJ Aircraft

The BAE 146 / AVRO RJ aircraft was manufactured in the United Kingdom by British Aerospace (which later became part of BAE Systems). It is a high-wing aircraft with very short runway requirements, which make it particularly suited for this kind of destination. It is operated by Aerovias DAP, which has more than 25 years of experience flying in Patagonia and Antarctica.

Preferred Seating

For an extra level of comfort, you can purchase Preferred Seats on your Antarctic flight. See page 27 for details.
